

GREEN EYES

The green eyes represent strong eyesight, intelligence, and keen observation skills. Wolves look out for one another and their community.

BLACK WOLF

The black wolf symbolizes leadership, strength, and respect, and commonly leads the Pack.

GREEN BORDER

The green border represents the land. Wolves help keep balance in the natural world by managing the population of other species. They have control of their environment and excellent survival skills due to intelligence, strategy, and teamwork.

GRAY AND WHITE WOLF

The loyal gray and white wolves follow the black wolf. The whole Pack works together with purpose and pride – following a unique internal structure of commands.
